Some services are available free of charge; others are offered on a sliding fee scale (meaning the amount you pay depends on your income). We accept Medicaid, Medicare, and many commercial insurance plans.

Revenue and Funding Sources: Pillars Community Health is a 501(c)3 nonprofit organization with a revenue of approximately \$21 million. We receive funding from a variety of sources including Community Health Center and other federal, state, and local government funding; foundation funding; and generous donations from individuals, corporations, and community groups.
